Objective

Greetings, I am a software engineer specializing in front-end development. Proficient in React.js frameworks and Express.js, passionate about my work, demonstrating a keen ability to swiftly acquire new skills and stay abreast of industry developments. Known for collaborative teamwork, excel under pressure, leveraging challenges to gain valuable experience.

Skills

HTML 5 • CSS 3 • SCSS • SASS • JavaScript • React.js • Redux • Vue.js • Bootstrap • React Bootstrap • Tailwind • Node.js • Express.js • PHP • MySQL • SQL • MongoDB • Git • problem solving • Animation • Debugging

Education

Information technology 71.8%	<u>AL sham private university</u>	Syria	AUG/2018 - DEC/2023
--------------------------------	-----------------------------------	-------	---------------------

Experience

Freelance	<u>mostaq</u>	Remotely	JUN/2024 - Present
• developed a personal portfolio website for an architecture engineer showcasing their projects.			

Projects

RouteMaster University Project	React.js / Express.js	OCT/2023 – JUN/2024
----------------------------------	-----------------------	---------------------

This transportation management platform is designed to provide seamless ticket booking for users. Whether you're a traveler planning your next journey or a company managing transportation services, our system has you covered.

<u>Globe Agency</u>	Next.js / React.js	MAR/2024 – APR/2024
---------------------	--------------------	---------------------

Converted a PSD design (UI/UX) into a fully functional marketing website for the brand.

<u>Fast Food</u>	React.js	SEP/2023 – OCT/2023
------------------	----------	---------------------

This restaurant website is accurately crafted to provide patrons with a seamless dining experience. Whether you're a food enthusiast exploring new flavors or a restaurant owner aiming to streamline operations, our platform has you covered.

<u>Dental</u>	Vue.js	JUN/2023 – FEB/2023
---------------	--------	---------------------

This website is accurately designed to cater to the needs of both patients and dental practitioners. Whether you're scheduling an appointment or seeking information, our platform ensures a responsive and user-friendly experience.
