⊕ Objective

Greetings, I am a software engineer specializing in front-end development. Proficient in React.js frameworks, I am passionate about my work, and i have knowledge in Vue.js, demonstrating a keen ability to swiftly acquire new skills and stay abreast of industry developments. Known for collaborative teamwork, I excel under pressure, leveraging challenges to gain valuable experience.

💼 Experience

Freelance　　　　　　　　　　　　　　*2022 - 2022*
Freelance
I have worked in some small projects

🎓 Education

Al sham private university　　　　　*2018 to*
Information Technology (IT)　　　　　*2023*
Grade:good

⚗ Projects

E-Ticket Booking System

Utilizing React and Express.js, this transportation management platform enables seamless ticket booking for users. The system incorporates a user-friendly website for booking, complemented by a robust dashboard empowering companies to efficiently manage and oversee ticket operations.

FastFood website

A React-based website designed for restaurants, offering features such as table reservations and menu exploration for a seamless dining experience.
